

YERMAN J. MEREL G.

Project Coordinator | Mechanical Engineer | Engineering Project Support

Panamanian Nationality • (+507) 6295-9441 • ymerel_02@outlook.com • [LinkedIn](#) • Driver's License

PROFESSIONAL SUMMARY

Mechanical Engineer with international experience in infrastructure and engineering projects, specialized in project coordination, technical documentation, administrative support, and cross-functional communication in engineering environments. Experienced in supporting project managers, coordinating project activities, preparing reports, managing documentation, and tracking project progress using MS Office and structured project management methodologies.

CORE COMPETENCIES

Project Coordination & Administrative Support: Project tracking and scheduling • Documentation management • Technical and operational reporting • Project Planning & Coordination • Task coordination • Engineering project support • Stakeholder Coordination

Digital Tools & Systems: SAP • AutoCAD • Inventor • MS Office • MS Office (advanced) • MS Project

PROFESSIONAL EXPERIENCE

Project Engineer | Herrenknecht Tunnelling Services Panama Corp.

Panamá City, Panamá • Jan 2025 – Jul 2025

- ▶ Supported project coordination activities and documentation management across international engineering projects.
- ▶ Developed and standardized global SOPs for operational and maintenance processes across multiple international project sites, improving coordination and operational consistency.
- ▶ Assisted project managers in tracking project progress and preparing operational reports.
- ▶ Coordinated project information and communication between engineering and operational teams.
- ▶ Managed multiple project-related tasks with strong attention to detail and deadlines.

Key projects: Hudson River Tunnel Project (USA) • Railway Tunnel Project (Perú)

Field Engineer – TBM & Surface Facilities (Intern) | [China Railway Tunnel Group Co., Ltd.](#)

Panamá City, Panamá • Aug 2024 – Jan 2025

- ▶ Developed standardized technical documentation including method statements, procedures, and checklists used by engineering and operational teams.
- ▶ Supported coordination between field teams, engineering departments, and operational stakeholders.
- ▶ Prepared technical reports and operational updates to ensure project alignment and communication.
- ▶ Assisted in technical inspections and system verification under ASME standards.

Key project: Panama Metro Line 3 – Tunnel Section

EDUCATION

B.Sc. in Mechanical Engineering • [Technological University of Panama](#)

Panamá City, Panamá • Jan 2018 – Aug 2024

CERTIFICATIONS & TRAINING

- ▶ Fluid Technology, Hydraulics & Lubrication – Herrenknecht AG (Jun 2025)
- ▶ Design of Thermofluidic Systems – Technological University of Panama (Aug 2023)
- ▶ CAPM – Certified Associate in Project Management (In Preparation)
