

YERMAN J. MEREL G.

Strategic Programs & Operations Coordinator | Stakeholder Management | International Infrastructure & Project Support

Panamanian Nationality • (+507) 6295-9441 • ymerel_02@outlook.com • [LinkedIn](#) • [Portfolio](#) • Driver's License

PROFESSIONAL SUMMARY

Mechanical Engineer with international experience in infrastructure and multinational engineering projects (Metro Line 3 Panama and Hudson River Tunnel Project – USA), specialized in stakeholder coordination, operational processes, technical reporting, and cross-functional collaboration in global environments.

Strong background in documentation control, program monitoring, regulatory traceability, and communication across multicultural teams. Proven ability to support high-level initiatives, disseminate technical and operational information, deliver training and structured documentation, and maintain strategic relationships with partners and project stakeholders in LATAM and international markets.

CORE COMPETENCIES

Strategic Partnerships & Stakeholder Coordination: Stakeholder engagement and coordination • Third-party collaboration support • External partner relationship management • Strategic coordination with international teams • Government and regulatory documentation support • LATAM project and program coordination

Program Monitoring & Strategic Support: Program performance tracking • Operational and technical reporting • Regulatory and compliance monitoring • Market and operational analysis support • Process standardization and SOP development • program documentation and knowledge management

Digital Tools & Systems: SAP • AutoCAD • Inventor • MS Office • MS Office (advanced Excel, Word, PowerPoint)

PROFESSIONAL EXPERIENCE

Project Engineer | Herrenknecht Tunnelling Services Panama Corp.

Panamá City, Panamá • Jan 2025 – Jul 2025

Global tunnelling OEM supporting international heavy industrial equipment and TBM mechanical systems across multiple projects including USA and Latin America.

- ▶ Developed and standardized global SOPs for operational and maintenance processes across multiple international project sites, improving coordination and operational consistency.
- ▶ Coordinated technical documentation and regulatory traceability with international stakeholders, supporting compliance and operational alignment.
- ▶ Prepared executive and technical reports to support decision-making and strategic operational planning.
- ▶ Facilitated communication between engineering teams, operations, and international stakeholders across LATAM and USA projects.

Key projects: Hudson River Tunnel Project (USA) • Railway Tunnel Project (Perú)

Field Engineer – TBM & Surface Facilities (Intern) | [China Railway Tunnel Group Co., Ltd.](#)

Panamá City, Panamá • Aug 2024 – Jan 2025

Contributed to the active tunnelling operations of Panama Metro Line 3, the country's largest infrastructure project.

- ▶ Developed standardized technical documentation including method statements, procedures, and checklists used by engineering and operational teams.
- ▶ Supported coordination between field teams, engineering departments, and operational stakeholders.
- ▶ Prepared technical reports and operational updates to ensure project alignment and communication.
- ▶ Assisted in technical inspections and system verification under ASME standards.

Key project: Panama Metro Line 3 – Tunnel Section

EDUCATION

B.Sc. in Mechanical Engineering • Technological University of Panama

Panamá City, Panamá • Jan 2018 – Aug 2024

Relevant coursework: Finite Element Analysis (FEA), Computational Modeling, Numerical Methods, Control Systems, Fluid Mechanics, Thermodynamics.

CERTIFICATIONS & TRAINING

- Fluid Technology, Hydraulics & Lubrication – Herrenknecht AG (Jun 2025)
- Design of Thermofluidic Systems – Technological University of Panama (Aug 2023)
- CAPM – Certified Associate in Project Management (In Preparation)

AVAILABILITY

- Available for international coordination and stakeholder engagement
- Available for travel and strategic support initiatives
- Available for LATAM program coordination and cross-regional collaboration
- Passport Available

LANGUAGES

Spanish (Native) • **English** (C1 – Full Professional Proficiency) • **German** (A2 – actively developing)

PROFESSIONAL AFFILIATIONS

- Member, Junta Técnica de Ingenieros y Arquitectos de Panamá (JTIA) – (ID: 2025-016-053)
